

Accessing the Learning Management System tool

Background:

The VMware Cloud Provider Program has a learning tool in Business Portal accessible to Service Providers for education regarding policies, processes, and sales enablement increase the knowledge in our Service Provider community. In this document, you will learn step by step how to access the Learning Management tool in the Business Portal.

1. Login to Business Portal: Use your Business Portal User ID and password to enter Business Portal (vmware.iasse.com). If you don't have access, please contact your internal Business Portal point of contact to grant access.

2. On your page, locate the tab “LMS” and click on it

3. This is the learning management dashboard. Here you will be able to see all the learning modules available and its current status. The description and explanation of the statuses is:

Accessing the Learning Management System tool

- a. In Progress: means that the user has clicked on the learning module but hasn't completed the module
- b. Subscribed: Module hasn't been started by the user

Learning Home
